This 3 clock hour course looks at population trends, population growth and the influence of the economy, government regulations, construction and development costs and how they combine to impact property values in the State. The course is designed to provide basic education for real estate agents regarding real estate trends in Washington State. As a result of taking this class, you should be able to have a basic understanding of:

- Different benefits derived from real estate ownership
- How the population growth in WA affects property values
- Real estate supply & demand cycles
- Influences that are impacting supply
- Factors that increase housing costs
- Why more attached housing is being created in urban centers

ABOUT THE INSTRUCTOR

Richard Hagar, SRA, has over 30 years in the real estate industry as an award winning Real Estate Agent, Senior Residential Appraiser, and Instructor who educates Real Estate & Mortgage Professionals, and State Agencies nationwide.

PAST STUDENTS HAVE SAID

"It's obvious that Mr. Hagar is extremely knowledgeable about his subject matter. His passion is contagious and he makes the seminar very interesting."

He helped me be a better Real Estate Agent. I enjoyed every aspect of the seminar, learned a lot, was never bored, and I was certainly entertained."

"A very dynamic and well informed instructor."
